Demands of the Powers For Punishment Will Be Carried Out By Chinese.

No Decision Has Yet Been Reached Regarding Withdrawal of Troops.

Pekin, Feb. 5,-Prince Chung and Li Hung Chang, the Chinese plenipoten-Liaries had a protracted meeting this morning with the foreign envoys Twelve names of prominent Chinese officials were submitted, with the request that China keep faith with the power and punish the persons named commen-surately with their offences.

The Chinese plenipotentiaries replied that China's earnest hope was to carry out fully, the demands of the powers and which the would inflict would be satis-

which the would inflict would be satis-factory. It was discovered that two out of the twelve persons named were already dead. In certain cases the Chiuese plenipotentimies gave reasons why the pumishment inflicted should be banish-ment, and not death, asserting that in those cases they partice any described banishment only because the persons in question were so closely related to the throne.

After a long conversation on the sebment, it was decided that e foreign envoys should draw up a fill t of accessed officials both national and nishment required, which would be sented to the Chinese plenipotentiite action

The fordefinite action. Li Hung Chang, who is very weak from his recent illness, had to be car-ied in aid out of the British legation. Le is unable to walk, but his head seems

as clear as ever. The foreign envoys were impressed with the evident desire of both Prince Thing and Li Hung Chang to come to Ching and Li Hung Chang to come to terms. Prince Ching asked whether, provided China showed by every means provided China showed by every means in her power a desire to carry out the terms of the joint note the foreign trapps would leave Pekin. The foreign avoys replied that this was a subject they could not discuss beyond saying that if every-thing were satisfactory, they would be in to withdraw the traces each is the

thing were satisfactory, they would be gin to withdraw the troops early in the coming spring, but that this depended inregly upon the Chinese themselves. Prince Ching and Li Hung Chang said they desired to know the names of places.where the guards would be keyt for the purpose of communicating with places where the guards would be kert for the purpose of communicating with in accordance with the terms of the joint note. They were informed that this was a subject regarding which the military authorities had no, accurate knowledge, but that at present no det r-mination had been reached. Prince Ching was anxious to the what provision would be made to con-trol the legation guards and to pre-en-them from disturbing business. He ask-ed if the guards would be allowed over

ed if the guards would be allow all parts of the city. To this inquiry the reply was given that the guards would cortainly not be allowed to interfere with

he legation guards might go, they would be required to conform to the laws which agreed upon, under pain of mishment for any infraction.

e Chinese plenipotentiaries fiso hed upon the question of forts, ask-Th or if it would be necessary to destroy ing if it would be necessary to dealog-thom. As there seemed to be some liver-sity of opinion among the foreign en-voys regarding the matter, it was left over until the question of punishment had been definitely decided. Count yon Waldersee has left for Shan Hai Kwan.

ment of the list as prepared was submit-ted to the Senate to-day. The unusual course was pursued by the President with respect to the nomination of Major-General Nelson A. Miles to be lieut-gen-eral. The question of nomination was submitted to the cabinet and a ballot was taken upon it. It resulted in favor of the nomination, and it therefore, was sent to the eSnate. No detailed statement of vote is obtainable. FILIPINO LOSSES. :

Tor the man, is considerable spreakension is also fait for the many hunters who are distribut-ed on the different creeks in the terri-tory during the present cold spell. Many of these men are living in tents and nearly all depend on their supply of pro-sisions from men who, carrying their game to Dewson, return to the hunting grounds with stores. It is feared that misfortune has overtaken W. H. Thomas, who camped 40 miles up Twelve Mile creek, between Dewson and Forty-Mile. He had on Christmas day but two weeks provisions, and had been due to arrive in Dawson for two weeks when the Tees party left. No word, however, had come in from the men on that creek, although there are several camps located there, and all anticipated either coming to Dawson for an This Province. Kingston, Jamaica, Feb. 5.-At a special meeting of the legislature just held to take action on the death of Queen Victoria, the Governor read a message received last night from the King, beginning: "To my people beyond the seas," in which His Malesty pro-mised to follow his mother's footstens "There is a great future for the prorince of British Columbia. The min- visions fro ing industry is as yet in its infancy, and when the country becomes more de reloped British Columbia will be one of Tho the principal provinces of the Domin-

King, beginning: 16 m, people as the seas," in which His Malesty pro-mised to follow his mother's footsteps in promoting peace and progress through-out his vast colonial dominions. The council resolved to send an address to the King, expressing its loyalty, and to hope that the island will soon emerge from the decay into which it has failed during the last few years. The mem-bers also referred to the good done to Jamaica and the other colonies by the law Oneen Victoria. ion." Such was the statement made by Jas. McGregor, inspector of mines for this province. Mr. McGregor arrived in Vic-toria a few days ago and registered at the Oriental. He is on his way to the the Oriental. He is on his way to the West Const to inspect the mining pro-perties of that district. He gave a very fravorable report of the West Const dig-gings, saying that although he had not visited the mines lately, yet when he first say them he predicted a bright fu-ture for the mining industry of Van-courser Island, which had since been verti-fied by the rapid development of the diggings and the discovery of others on the northern end of the Island. Of London, Feb. 5.-Emperor William v turned on board the Imperial yacht Ho-henzollern at Port Victoria on his way home after receiving from the prowds demonstrations expressive of their ap-preciation of his visit to England.

the northern end of the Island. Of course Vancouver Island was the min-ing centre for coal. In making the above statement Mr. McGregor said he simply referred to gold phacer mining. Speaking of the Mainland, Mr. Mc-Gregor stated that the city of Rossland was making great steps. The population was one mass of mining men, and min-ing was the great topic of convarsation. The Le Roj mine, he said, was now em-ploying 800 men and shipping 1,000 tons daily. The War Easue was not going ahead so rapidly as the Le Roj, but still though he is now urging the colonists and Fort Tetering, this being further existing and the performance of exceptional cordinity existing area dramacing rapidly towards the Portugenese of exceptional cordinity existing area to a solution of the propulation area dramacing rapidly towards the Portugenese frontier. The way office issued a very heavy South African casualty list yesterday, showing, in addition to 13 killed and To at Marihorough House, the chord of sparta.
